

kdbnotification.h

```
graph TD; A[kdbnotification.h] --> B[kdb.h]; A --> C[kdbtypes.h];
```

The diagram illustrates a dependency structure for header files. At the top is a gray box labeled 'kdbnotification.h'. Two blue arrows point downwards from this box to two white boxes below it: 'kdb.h' on the left and 'kdbtypes.h' on the right. This indicates that 'kdbnotification.h' depends on both 'kdb.h' and 'kdbtypes.h'.
